

**NEW FROM SIDHU & SONS NURSERY!**

**VINCA MINOR**

**'VINSID1'**

**WHIRLAWAY™**

**ppaf, cbraf**

This exciting new variety displays striking yellow variegation on new growth, maturing to solid dark green. Its violet blue flower's are much larger and more profuse than other Vinca minor on the market. Its habit is bushier than Mrs. Bowles, making it an excellent groundcover and very attractive in containers.
