

Thuja occidentalis

EMERALD

PETITE™

PPAF, CBRAF

Miniature
Holiday Tree!

*A scaled-down
version of Thuja
occidentalis
'Smaragd', that
makes a perfect
backdrop for
holiday lights!*

Dwarf cedar with a symmetrical, pyramidal habit, and glossy, bright green foliage in flat, lacy sprays. At a mature size of just 6'H x 2'W, 'Emerald Petite' is much smaller than its parent, with lacy foliage that is fuller and more densely packed. As with all Thuja, plant 'Emerald Petite' in full sun, in acidic, alkaline or neutral soil that is moist, but well drained. Zones 3 to 7.
