

# Goldstream™

Nandina domestica 'Nansid11' USPP#34,614, CPBRA

**Go for the gold with this brand new  
Heavenly Bamboo from Sidhu & Sons!**

Nandina domestica 'Nansid11' GOLDSTREAM™ USPPAF, CPBRA

This remarkable Nandina provides a splash of color to the landscape in both the spring, when it flushes with radiant hues of yellow and gold, and in the winter months, when the foliage turns a rich amber gold. Goldstream™ is distinguished by narrow dissected leaves, a compact habit and dense ornamental foliage, making it perfect as a specimen or accent plant, or in small space gardens and containers. Once established, Goldstream™ is drought tolerant as well, so it is an ideal choice for city and urban planting, or as a low hedge.

- 3.5'H x 3'W
- Zone 6
- Full sun / partial shade
- Deer resistant
- Drought resistance once established
